

TRINIDAD AND TOBAGO EITI REPORT 2014-2015

ERRATA SHEET

This errata sheet highlights the Board of Inland Revenue's (BIR) amendment to the total tax payments reported for the mining sector for 2015. For the EITI Report, 2014 and 2015, the BIR provided amended figures sent to the TTEITI Steering Committee on mining sector revenue. This amendment is related to the contextual section of the report, which outlines total mining revenue collected and is not related to the mining sector pilot study where reconciliation of payments of four mining companies was completed by the Independent Administrator / Auditor BDO Trinity Limited. Refer to page 69 (Section 5.1.1) and page 70 (Table 5.1.3.2) of the Trinidad and Tobago EITI Report 2014-2015.

The BIR amended the total tax payments of the mining sector for 2015 (inclusive of Corporation Tax, Business Levy and Green Fund Levy) from TT \$1, 098,015,045 to TT \$33,021,964."
